FIRE TRAINING

"They were high energy, to the point, and used personal experience to relate to material."

Hazmat Awareness NFPA 1072

Online This course is offered as a 4-hour online course for anyone who, in the course of their work, may be faced with a hazardous materials incident. This course provides the information necessary to detect the presence of hazardous materials, collect information from the available sources, connect with the appropriate resources and agencies, and protect first responders and the public from harm.

Tuition: \$145 online **ONLINE**
Prerequisites: None
Reference Material: Online course content

REQUIRED FOR 1001

Hazmat Operations NFPA 1072

Take your knowledge and skills to the next level. This 4-day course is designed for emergency personnel and industrial fire brigades that may be faced with a hazardous materials incident requiring product control. Students learn the defensive tactics required to ensure the safety and well-being of the first responders and the general public. For fire fighters working to complete NFPA 1001, this course is required.

Tuition: \$1250
Prerequisites: HazMat Awareness
Reference Material: Jones and Bartlett, Hazardous Materials: Awareness and Operations

Hazmat Technician NFPA 1072

This 5-day course teaches students the Role of the Hazmat Technician: respond, analyze, select applicable decontamination procedures, control and scene safety; Laws, Regulations and Standards; and Hazmat Management System.

Tuition: \$1500
Prerequisites: HazMat Operations
Reference Material: Jones and Bartlett, Hazardous Materials: Managing the Incident

Fire Service Instructor NFPA 1041

Telling isn't teaching. This 3-day highly engaging program provides participants with the knowledge and skills to design and deliver a lesson using the art and science of teaching and learning. Since being a fire service subject-matter expert doesn't mean we're a great teacher, students learn a practical system to move from being experts to being educators. Steeped in the principles of adult education, students leave knowing the most important things that impact student learning.

Level I

** now available Online or In Person **

Tuition: \$450
Prerequisites: None, only pre-course assignments

Level II

COMING SOON!

Tuition:
Level II Prerequisites: Fire Service Instructor Level I
