Schedule B
City of Nanaimo
Statement of Revenue Objectives & Policies

1. Proportion of Revenue by Source

The City receives revenues from a variety of sources including property taxes and user fees. This funding pays for such services as police and fire protection, solid waste collection, management of roads, drainage, sanitary sewer, waterworks and parks infrastructure, along with the delivery of leisure and cultural services. Property taxes are the largest source of revenue as detailed in Table 1.

Table 1: Sources of Revenue

Revenue Source	\$ Total Revenue	% Total Revenue
Property Value Taxes	168,154,489	61.3%
Parcel Taxes	212,840	0.1%
Fees & Charges	63,796,959	23.2%
Other Sources	42,234,872	15.4%
Total	274,399,160	100.0%

Policies and Objectives:

Property Taxes

- The City will attempt to keep the proportional share of revenue from property taxes at a level similar to the average of comparable municipalities.
- Where new sources of revenue are made available to the City from senior governments, wherever possible these revenues will be used to reduce dependency on property taxation revenue.

Parcel Taxes

- Parcel taxes will be used whenever Council determines that they are more appropriate than property taxes.

Fees & Charges

- Wherever possible, fees & charges will be used to assign costs to those who benefit from the service provided. The proportion of the costs recovered by fees and charges will vary with the nature of the service provided.

Proceeds of Borrowing

- Borrowing will be considered when determining the funding sources of large capital projects that provide benefits to taxpayers over a long period of time (20 years or more).
- Borrowing will be consistent with the City’s Debt Management Policy.

Other Sources of Revenue

- The City will continue to seek other sources of revenue in order to reduce reliance on property taxes.
- The City will consider hydroelectric power generation where practical and environmentally supportable.

2. Distribution of Property Taxes Among the Classes

Table 2 outlines the projected distribution of property taxes amongst the property classes. Projected revenue from residential provides the largest proportion of property tax revenue. This class represents the largest portion of the tax base and utilizes the majority of City services. Between 2009 and 2013, the light and major industrial tax rates were reduced to the same level as the commercial tax rate.

Table 2: Projected Distribution of Property Tax Rates and Tax Class Ratios

Property Class	\$ Property Taxes	% of Total Property Taxation	Tax Class Ratios
Residential (1)	115,114,778	68.5%	1.000
Utilities (2)	822,647	0.5%	9.015
Supportive Housing (3)	-	0.0%	-
Major Industry (4)	2,200,861	1.3%	3.305
Light Industry (5)	3,002,990	1.8%	3.305
Business and Other (6)	46,602,741	27.7%	3.305
Managed Forest Land (7)	4,131	0.0%	5.447
Recreational/Non-Profit (8)	406,171	0.2%	2.578
Farm (9)	170	0.0%	0.122
Total	168,154,489	100.0%	

Policies and Objectives:

- The City will attempt to keep the percentage of property taxes received from residential taxpayers at a level comparable to the average of similar municipalities.
- The City will attempt, over time, to reduce the commercial tax rate to the average of all BC municipalities.

3. Permissive Tax Exemptions

The City believes that permissive tax exemptions are an appropriate way to recognize the value of the services provided to the community by non-profit organizations. Each year, a list of these exemptions is included in the City’s Annual Report.

Policies and Objectives:

- Permissive tax exemptions are governed by the City’s Permissive Tax Exemption Policy, which outlines the criteria for which property tax exemptions may be granted.
- Permissive tax exemption requests will be reviewed by the Finance and Audit Committee and the Committee will make recommendations to Council.
- Permissive tax exemptions will be reviewed at least every three years to ensure that

the organization and property still meets the criteria established by Council.

4. Revitalization Tax Exemptions

The City believes that revitalization tax exemptions are an appropriate tool to assist the City in realizing its strategic objectives.

Policies and Objectives:

- The City can exempt municipal taxes for up to five years for projects undertaken by landowners, where the project meets defined objectives of a City strategy.
- Recipients of exemptions must enter into a Revitalization Tax Exemption Agreement with the City.
- Every revitalization tax exemption must be approved by the General Manager, Corporate Services.
